TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue, Department of the Treasury

Subchapter C—Miscellaneous Excise Taxes

[T. D. 5726]

PART 182—INDUSTRIAL ALCOHOL

PROCEDURE FOR RECORDING OF GOVERNMENT PROPERTY AND DISPOSITION OF CAP SEALS AT INDUSTRIAL ALCOHOL PLANTS, BONDED WAREHOUSES AND DENATURING PLANTS

1. Sections 182.928, 182.929, 182.930 and 182.931 of Regulations 3, "Industrial Alcohol," approved March 6, 1942 (26 CFR, Part 182), are hereby amended.

2. The purpose of these amendments is to revise the procedure for the recording of Government property and the disposition of cap seals used and removed at industrial alcohol plants, bonded warehouses, and denaturing plants.

3. It is found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Public, No. 404, 79th Cong.) is unnecessary in connection with the issuance of these regulations for the reason that the changes made are of an administrative nature only.

§ 182.928 *Removal of cap seals.* Except as provided in § 182.927, cap seals which have been affixed may be removed only by a storekeeper-gauger or some other officer designated for the purpose by the district supervisor. The officer will destroy all removed cap seals in a manner sufficient to prevent their further use. (Secs. 3105, 3124 (a) (6), 3176, I. R. C.)

§ 182.929 *Storekeeper-gauger's record of cap and lock seals.* A record of cap seals received, used, and removed, and of lock seals received and used at each industrial alcohol plant, bonded warehouse, or denaturing plant, as the case may be, will be kept by storekeeper-gaugers on Form 289, "Government Officer's Record and Report of Government Property," in accordance with the titles of the columns and lines and the instructions on the form. Form 289 will be kept in the Government cabinet when not in use. (Secs. 3105, 3124 (a) (6), 3176, I. R. C.)

§ 182.930 *Storekeeper-gauger's report of Government property.* On or before the fifth day of the month succeeding that for which the transactions are reported, the storekeeper-gauger will prepare a monthly report on Form 289 of all Government property at the industrial alcohol plant, bonded warehouse, or denaturing plant, as the case may be. Form 289 will be prepared in duplicate, in accordance with the titles of the columns and lines and the instructions on the forms. He will forward the original to the district supervisor and retain the copy for his files. (Secs. 3105, 3124 (a) (6), 3176, I. R. C.)

§ 182.931 *District supervisor's report of locks and gauging instruments.* District supervisors will be held accountable for the Government locks and seals, including cap seals, supplied upon their respective requisitions, and for those received from their predecessors in office. Outgoing district supervisors will take receipts from their successors in office for the Government locks then in use and on hand, and for seals on hand in the district. District supervisors will keep an account of locks and gauging instruments and will make return thereof semi-annually to the Commissioner on Form 152, "Return of Locks and Gauging Instruments."

4. This Treasury decision shall be effective on the 31st day after the date of its publication in the FEDERAL REGISTER. (Secs. 3105, 3124 (a) (6), 3176, I. R. C.)

(Secs. 3105, 3124 (a) (6), 3176, Internal Revenue Code; 26 U. S. C. 3105, 3124 (a) (6), 3176)

PART 183—PRODUCTION OF DISTILLED SPIRITS

PROCEDURE FOR RECORDING OF GOVERNMENT PROPERTY AND DISPOSITION OF CAP SEALS AT REGISTERED DISTILLERIES

1. Sections 183.428, 183.429, 183.430, and 183.431 of Regulations 4, "Production of Distilled Spirits," approved February, 28, 1940 (26 CFR, Part 183), are hereby amended.

2. The purpose of these amendments is to revise the procedure for the recording of Government property, and the disposition of cap seals used and removed at registered distilleries.

3. It is found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Public, No. 404, 79th Cong.) is unnecessary in connection with the issuance of these regulations for the reason that the changes made are of an administrative nature only.

§ 183.428 *Removal of cap seals.* Except as provided in § 183.427, cap seals which have been affixed may be removed only by a storekeeper-gauger or some other officer designated for the purpose by the district supervisor. The officer will destroy all removed cap seals in a manner sufficient to prevent their reuse. (Secs. 2821, 2822, 2851, and 3176, I. R. C.)

§ 183.429 *Storekeeper-gauger's record of cap and lock seals.* A record of cap seals received, used, and removed, and of lock seals received and used at each registered distillery will be kept by storekeeper-gaugers on Form 289, "Government Officer's Record and Report of Government Property," in accordance with the titles of the columns and lines and the instructions on the form. Form 289 will be kept in the Government cabinet when not in use. (Sec. 3176, I. R. C.)

§ 183.430 *Storekeeper-gauger's report of Government property.* On or before the fifth day of the month succeeding that for which the transactions are reported, the storekeeper-gauger will prepare a monthly report on Form 289 of

all Government property at the registered distillery. Form 289 will be prepared in duplicate, in accordance with the titles of the columns and lines and the instructions on the form. He will forward the original to the district supervisor and retain the copy for his files. (Sec. 3176, I. R. C.)

§ 183.431 *District supervisor's report of locks and gauging instruments.* District supervisors will be held accountable for the Government locks and seals, including cap seals, supplied upon their respective requisitions, and for those received from their predecessors in office. Outgoing district supervisors will take receipts from their successors in office for the Government locks then in use and on hand, and for seals on hand in the district. District supervisors will keep an account of locks and gauging instruments, and will make return thereof semi-annually to the Commissioner on Form 152, "Return of Locks and Gauging Instruments." (Sec. 3176, I. R. C.)

4. This Treasury decision shall be effective on the 31st day after the date of its publication in the FEDERAL REGISTER. (Secs. 2821, 2822, 2851, 3176, Internal Revenue Code; 26 U. S. C. 2821, 2822, 2851, 3176)

[SEAL] GEO. J. SCHOENEMAN,
Commissioner of Internal Revenue.

PART 184—PRODUCTION OF BRANDY

PROCEDURE FOR RECORDING GOVERNMENT PROPERTY AND DISPOSITION OF CAP SEALS AT FRUIT DISTILLERIES

1. Sections 184.445, 184.446, 184.447, and 184.448 of Regulations 5, approved February 28, 1940 (26 CFR, Part 184), are hereby amended.

2. The purpose of these amendments is to revise the procedure for the recording of Government property and the disposition of cap seals used and removed at fruit distilleries.

3. It is found that compliance with the notice, public rule-making procedure, and effective date requirements of the Administrative Procedure Act (Public, No. 404, 79th Cong.) is unnecessary in connection with the issuance of these regulations for the reason that the changes made are of an administrative nature only.

§ 184.445 *Removal of cap seals.* Except as provided in § 184.444, cap seals which have been affixed will be removed only by a storekeeper-gauger or some other officer designated for the purpose by the district supervisor. The officer will destroy all removed cap seals in a manner sufficient to prevent their reuse. (Secs. 2851 and 3176, I. R. C.)

§ 184.446 *Storekeeper-gauger's record of cap and lock seals.* A record of cap seals received, used, and removed, and of lock seals received and used at each fruit distillery will be kept by storekeeper-gaugers on Form 289, "Government Officer's Record and Report of Government Property," in accordance with the titles of the columns and lines and the instructions on the form. Form 289 will be kept in the Government cabinet when not in use. (Sec. 3176, I. R. C.)

§ 184.447 *Storekeeper-gauger's report of Government property.* On or before the fifth day of the month succeeding that for which the transactions are reported, the storekeeper-gauger will prepare a monthly report on Form 289 of all Government property at the fruit distillery. Form 289 will be prepared in duplicate, in accordance with the titles of the columns and lines and the instructions on the form. He will forward the original to the district supervisor and retain the copy for his files. (Sec. 3176, I. R. C.)

§ 184.448 *District supervisor's report of locks and gauging instruments.* District supervisors will be held accountable for the Government locks and seals, including cap seals, supplied upon their respective requisitions, and for those received from their predecessors in office. Outgoing district supervisors will take receipts from their successors in office for the Government locks then in use and on hand, and for seals on hand in the district. District supervisors will keep an account of locks and gauging instruments, and will make return thereof semi-annually to the Commissioner on Form 152, "Return of Locks and Gauging Instruments." (Sec. 3176, I. R. C.)

PART 185—WAREHOUSING OF DISTILLED SPIRITS

PROCEDURE FOR RECORDING GOVERNMENT PROPERTY AND DISPOSITION OF CAP SEALS AT INTERNAL REVENUE BONDED WAREHOUSES

1. Sections 185.493, 185.494, 185.495, and 185.496 of Regulations 10, approved May 20, 1940 (26 CFR, Part 185), are hereby amended.

2. The purpose of these amendments is to revise the procedure for the recording of Government property and the disposition of cap seals used and removed at internal revenue bonded warehouses.

3. It is found that compliance with the notice, public rule-making procedure, and effective date requirements of the Administrative Procedure Act (Public, No. 404, 79th Cong.) is unnecessary in connection with the issuance of these regulations for the reason that the changes made are of an administrative nature only.

§ 185.493 *Removal of cap seals.* Except as provided in § 185.492, cap seals which have been affixed will be removed only by a storekeeper-gauger or some other officer designated for the purpose by the district supervisor. The officer will destroy all removed cap seals in a manner sufficient to prevent their reuse. (Sec. 3176, I. R. C.)

§ 185.494 *Storekeeper-gauger's record of cap and lock seals.* A record of cap seals received, used, and removed, and of lock seals received and used at each internal revenue bonded warehouse will be kept by storekeeper-gaugers on Form 289, "Government Officer's Record and Report of Government Property," in accordance with the titles of the columns and lines and the instructions on the form. Form 289 will be kept in the Government cabinet when not in use. (Sec. 3176, I. R. C.)

§ 185.495 *Storekeeper-gauger's report of Government property.* On or before the fifth day of the month succeeding that for which the transactions are reported, the storekeeper-gauger will prepare a monthly report on Form 289 of all Government property at the warehouse. Form 289 will be prepared in duplicate, in accordance with the titles of the columns and lines and the instructions on the form. He will forward the original to the district supervisor and retain the copy for his files. (Sec. 3176, I. R. C.)

§ 185.496 *District supervisor's report of locks and gauging instruments.* District supervisors will be held accountable for the Government locks and seals, including cap seals, supplied upon their respective requisitions, and for those received from their predecessors in office. Outgoing district supervisors will take receipts from their successors in office for the Government locks then in use and on hand, and for seals on hand in the district. District supervisors will keep an account of locks and gauging instruments, and will make return thereof semi-annually to the Commissioner on Form 152, "Return of Locks and Gauging Instruments." (Sec. 3176, I. R. C.)

4. This Treasury decision shall be effective on the 31st day after the date of its publication in the FEDERAL REGISTER. (Sec. 3176, Internal Revenue Code; 26 U. S. C. 3176)

**PART 189—BOTTLING OF TAX-PAID
DISTILLED SPIRITS**

**RECORDING OF GOVERNMENT PROPERTY USED
AT TAX-PAID BOTTLING PLANTS**

1. Sections 189.138a and 189.139a are hereby added to Regulations 11, approved May 20, 1940 (26 CFR, Part 189). The title of Article XXVI of such regulations is changed to "Storekeeper-gauger's Records and Reports," and the title of Article XXVII is changed to "District Supervisor's Reports."

2. The purpose of these amendments is to provide a record for the recording of Government property used at tax-paid bottling plants.

3. It is found that compliance with the notice, public rule-making procedure, and effective date requirements of the Administrative Procedure Act (Public, No. 404, 79th Cong.) is unnecessary in connection with the issuance of these regulations for the reason that the changes made are of an administrative nature only.

§ 189.138a *Storekeeper-gauger's report of Government property.* A record of locks and lock seals received and used at each tax-paid bottling plant will be kept by storekeeper-gaugers on Form 289, "Government Officer's Record and Report of Government Property," in accordance with the titles of the columns and lines and the instructions on the form. In any case where cap seals are used, they will also be reported on Form 289. The storekeeper-gauger will destroy all removed cap seals in a manner sufficient to prevent their reuse. Form 289 will be kept in the Government cabinet when not in use. On or before the 5th day of the month succeeding that for which the transactions are reported, the storekeeper-gauger will prepare his monthly report, on Form 289, of all Government property at the tax-paid bottling house. Form 289 will be prepared in duplicate, in accordance with the titles of the columns and lines and the instructions on the form. The officer will forward the original to the district supervisor and retain one copy for his files. (Secs. 3176 and 4041 (a), I. R. C.)

§ 189.139a *District supervisor's report of locks and gauging instruments, Form 152.* District supervisors will be held accountable for the Government locks and seals, including cap seals, supplied upon their respective requisitions, and for those received from their predecessors in office. Outgoing district supervisors will take receipts from their successors in office for the Government locks then in use and on hand, and for seals on hand, in the district. District supervisors will keep an account of locks and gauging instruments, and will make return thereof semiannually to the Commissioner on Form 152, "Return of Locks and Gauging Instruments." (Secs. 3176 and 4041 (a), I. R. C.)

4. This Treasury decision shall be effective on the 31st day after the date of its publication in the FEDERAL REGISTER.

**PART 190—RECTIFICATION OF SPIRITS AND
WINES**

**INSTRUCTIONS FOR RECORDING OF GOVERNMENT
PROPERTY AT RECTIFYING PLANTS**

1. Sections 190.481 and 190.482 of Regulation 15, approved May 20, 1940 (26 CFR, Part 190), are hereby amended.

2. The purpose of these amendments is to provide appropriate instructions for the recording of Government property used at rectifying plants.

3. It is found that compliance with the notice and public rule-making procedure of the Administrative Procedure Act (5, U. S. C. 1001 et seq.) is unnecessary in connection with the issuance of these regulations for the reason that the changes made are of an administrative nature.

§ 190.481 *Storekeeper-gauger's report of Government property.* A record of locks and lock seals received and used at each rectifying plant will be kept by storekeeper-gaugers on Form 289, "Government Officer's Record and Report of Government Property," in accordance with the titles of the columns and lines and the instructions on the form. In any case where cap seals are used in lieu of locks, the cap seals will also be reported on Form 289. The storekeeper-gauger will destroy all removed cap seals in a manner sufficient to prevent their reuse. Form 289 will be kept in the Government cabinet when not in use. On or before the fifth day of the month succeeding that for which the transactions are reported, the storekeeper-gauger will prepare his monthly report on Form 289 of all Government property at the rectifying plant. Form 289 will be prepared in duplicate, in accordance with the titles of the columns and lines and the instructions on the form. The officer will forward the original to the district supervisor and retain the copy for his files. (Secs. 2801 (e) (5), 3176, I. R. C.)

§ 190.482 *District supervisor's report of locks and gauging instruments, Form 152.* District supervisors will be held accountable for the Government locks and seals, including cap seals, supplied upon their respective requisitions, and for those received from their predecessors in office. Outgoing district supervisors will take receipts from their successors in office for the Government locks then in use and on hand, and for seals on hand, in the district. District supervisors will keep an account of locks and gauging in-

struments, and will make return thereof semiannually to the Commissioner on Form 152, "Return of Locks and Gauging Instruments." (Secs. 2801 (e) (5), 3176, I. R. C.)

4. This Treasury decision shall be effective on the 31st day after the date of its publication in the FEDERAL REGISTER.

PART 192—FERMENTED MALT LIQUORS

**REPORTING OF GOVERNMENT LOCKS USED AT
BREWERIES BY DISTRICT SUPERVISORS**

1. Section 192.256 of Regulations 18, "Fermented Malt Liquor," approved May 20, 1940 (26 CFR, Part 192) is hereby amended.

2. The purpose of this amendment is to require the reporting of Government locks used at breweries on Form 152 by district supervisors semiannually instead of quarterly in accordance with an appropriate revision of such form.

3. It is found that compliance with the notice, public rule-making, and effective date requirements of the Administrative Procedure Act (Public, No. 404, 79th Cong.) is unnecessary in connection with the issuance of these regulations for the reason that the changes made are of an administrative nature only.

§ 192.256 *Slaught locks for conduits and tunnels.* Slaughter seal locks are prescribed for use in securing the doors of conduits and tunnels through which pipes carry beer from the brewery to the bottling house. Requisition for such locks and seals will be addressed to the Commissioner by the supervisor. The supervisor shall keep a record of the locks received and make return thereof semiannually to the Commissioner on Form 152, "Return of Locks and Gauging Instruments." Seals will be used consecutively in the order in which they are numbered. (Secs. 3157 (a), 3176, I. R. C.)

4. This Treasury decision shall be effective on the 31st day after the date of its publication in the FEDERAL REGISTER.

PROPOSED RULE MAKING

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR, Part 15]

[Docket No. 9288]

RESTRICTED RADIATION DEVICES

MEMORANDUM OPINION AND ORDER

Notice of proposed rule making in the above-entitled matter was adopted and released by the Commission on April 13, 1949. June 1, 1949, was designated as the date before which statements were to be

submitted commenting in regard to the proposed amendments. This filing date, by subsequent order of the Commission, was extended to July 31, 1949.

An examination of the various formal and informal comments submitted to the Commission with respect to this notice indicates the advisability of separating the docket into four parts, each of which may be decided and processed separately. Such separation will permit parties having an interest in one or more of the several parts to direct their comments specifically to such parts and to limit their participation in any proceedings only to the extent that they are interested or affected thereby. In addition, the separation will permit the Commission to process the various parts at such times as such parts are ready for further proceedings, and preclude such proceedings and decisions from being delayed by the necessity for further investigation in connection with any other of the parts.

Accordingly, in view of the foregoing, it is ordered that Docket No. 9288 be divided into Parts A, B, C and D, each of

which parts will be processed and decided separately by the Commission, and each of which parts will include the phases of Docket 9288 as set forth below.

Part A will include and be limited to incidental radiation devices as defined in paragraph 2 (a) of the appendix to the notice of proposed rule making and to the proposed rules set forth in paragraph 3 of said appendix. An informal committee composed of interested parties and members of the Commission's staff is presently investigating certain phases of problems involved in the operation of incidental radiation devices and therefore the period for filing comments with respect to Part A of Docket No. 9288 is extended until such date as the Commission in the future will designate.

Part B will include and be limited to the operation of carrier current communication systems and restricted radiation devices as defined in paragraph 2 (b) of the appendix to the notice of proposed rule making and operating on the frequencies between 10 and 535 kc., and to the proposed rules set forth in paragraph 4 (a) and (b) of said appendix.

¹ 13 F. R. 5750, 5789, 5875, 5937, 5938, 6247, 6283, 6411, 6556, 6882, 6911, 7299, 7672, 7801, 7862, 8218, 8219, 8328, 8388; 14 F. R. 18, 272, 337, 457, 627, 682, 695, 857, 918, 978, 1083, 1345, 1520, 1570, 1582, 1587, 1669, 1670, 1734, 1759, 1869, 1932, 2061, 2062, 2085, 2176, 2237, 2413, 2440, 2441, 2545, 2607, 2608, 2695, 2746, 2761, 2796, 3079, 3121, 3153, 3201, 3234, 3280, 3311, 3353, 3400, 3451, 3468, 3494, 3555, 3617, 3675, 3705, 3746, 3772, 3811, 3812, 3849, 3993, 4482, 4451, 4452, 4617, 4668, 4751, 4752, 4790, 4804, 4823.

An informal committee composed of interested parties and representatives of the FCC and the CAA is presently engaged in obtaining certain additional basic information concerning the operation of such devices, and the measurement of signals emitted by such devices and their actual and potential effect on established services within the mentioned frequencies. Accordingly, the date for filing comments with respect to Part B is extended until such date as the Commission in the future will designate.

Part C will include and be limited to restricted radiation devices as defined in paragraph 2 (b) of the appendix to the notice of proposed rule making and operating on frequencies above 1605 kc., and to the proposed rules set forth in Section 4 (d) (e) and (f) of said appendix. A decision has not been reached upon the basic question of which frequencies, if any, restricted radiation devices will be permitted to use. However, in the event the Commission, on the basis of the record to be made in Part C of the docket, decides to limit such operation as proposed in the mentioned appendix to 27.23-27.28 Mc. The Commission will at some subsequent date issue a supplemental notice of proposed rule making with respect to Part C in order to obtain the comments of interested parties as to proposed rules governing the operation of such equipment and to consolidate all rule making regarding the operation of such equipment into one proceeding. Such supplemental notice will cover eligibility requirements, licensing requirements and technical standards for the operation of such equipment, in the event the Commission on the basis of such record will determine the necessity and advisability of permitting such operation. In view of the fact a supplemental notice of proposed rule making will be issued in the future, the time for filing comments with respect to Part C of this docket is hereby extended until such date as the Commission in the future will designate.

Part D will include and be limited to restricted radiation devices as defined in paragraph 2 (b) of the appendix to the notice of proposed rule making and operating on the 535-1605 kc band, to the use of low power broadcasting devices in the standard and the other broadcast bands, and to the proposed rules set forth in paragraph 4 (c) of the said appendix. The Commission has received a substantial number of comments with respect to the operation of low power broadcasting systems in the standard broadcast band, particularly concerning low power college broadcast systems. The Commission has not made any determination regarding the advisability of permitting the continuation of such broadcast type of service. However, in order to permit interested parties to present their views in one proceeding, not only with respect to the advisability of permitting such low power broadcast service, but also with respect to proposed rules governing such

service in the event the Commission, upon the basis of the record in Part D of the docket, finds it in the public interest to permit such operation, proposed rules and standards to govern such operation will be issued at some subsequent date as a supplemental notice of proposed rule making with respect to Part D of this docket. In view of the fact a supplemental notice of proposed rule making will be issued in the future the date for filing comments with respect to Part D of this docket is hereby extended until such date as the Commission in the future will designate.

[Ex Parte No. 73]

PAYMENT OF RATES AND CHARGES

PROPOSED MODIFICATION TO EXCLUDE SATUR- DAYS IN COMPUTATION OF PRESCRIBED PERIODS OF CREDIT AND FOR PRESENTATION OF FREIGHT BILLS

It appearing, that on June 4, 1920, the Commission made and filed a report, and on December 6, 1920, August 12, 1921, June 13, 1922, January 20, 1931, and February 7, 1949, made and filed various reports on further hearings containing its findings of fact and conclusions in the above-entitled proceedings; that E. H. Bunnell, Vice-President, Association of American Railroads, on behalf of the Treasury Division of the Association of American Railroads, filed a petition dated August 1, 1949, and received August 1, 1949, for modification of the Commission's outstanding orders in this proceeding so as to exclude Saturdays as well as Sundays and legal holidays in the computation of the prescribed periods of credit and in the computation of the prescribed time for presentation of freight bills for transportation and related charges; and that the reason given in the said petition for the action sought therein is the establishment of a 40-hour, 5-day work week for non-operating railway employees, effective September 1, 1949.

And upon further consideration of the record in the above-entitled proceeding, and good cause appearing therefor:

It is ordered, That under rule 101 (e) of the Commission's general rules of practice leave for the filing of the said petition is hereby granted; and that the said petition is hereby accepted and filed of record in this proceeding.

It is further ordered, That replies to such petition may be filed on or before August 22, 1949.

And it is further ordered, That copies of this order be served upon the petitioner and upon all counsel of record in this proceeding; and that notice be given to the general public by depositing a copy of this order in the Office of the Secretary of the Commission for public inspection, and by filing copies of the said order with the Director, Division of the Federal Register.

Dated at Washington, D. C., this 5th day of August A. D. 1949.

[T. D. 52285]

PACIFIC FAR EAST LINE, INC.

REGISTRATION OF HOUSE FLAG AND FUNNEL
MARK

AUGUST 4, 1949.

House flag and funnel mark of the Pacific Far East Line, Inc., registered in accordance with § 3.81 (a), Customs Regulations of 1943.

The Commissioner of Customs, by virtue of the authority vested in him by section 7 of the Act of May 28, 1908 (U. S. C., title 46, sec. 49), as modified by section 102, Reorganization Plan No. 3 of 1946 (3 CFR, 1946 Supp., ch. IV), and in accordance with § 3.81 (a), Customs Regulations of 1943 (19 CFR, 1944 Supp., 3.81 (a)), has registered the House flag and two funnel marks of the Pacific Far East Line, Inc., described below:

(a) *House flag.* The house flag is rectangular in shape; the hoist is 4 feet in height, the fly 6 feet. The field of the house flag is royal blue and has superimposed upon it the letters PFEL in orange, each of which is 8 inches wide and 9 inches high, placed as follows: The letter P is 6 inches from the hoist and 9 inches from the upper edge of the flag; the letter F is 24 inches from the hoist and 6 inches from the upper edge; the letter E is 48 inches from the hoist and 6 inches from the upper edge; and the letter L is 60 inches from the hoist and 9 inches from the upper edge. Below the letters PFEL is an orange bear insignia 23 inches high and 41½ inches long over all, the extreme left point of the insignia, representing the bear's nose, being 12 inches from the hoist and the extreme right point of the insignia, representing the bear's right hind leg, being 18½ inches from the fly. The lowermost point of the bear insignia is 8¼ inches from the lower edge of the flag. Six inches from the lower edge of the flag, below the bear insignia, and 9 inches from the hoist is a stripe 2 inches wide and 53 inches long, also in orange.

(b) *Funnel marks.* The funnel marks registered are identical, except for sizes, and are described as follows:

(1) The first funnel mark is to appear on a funnel of royal blue of a height of 30 feet and a diameter of 18 feet along the centerline of the ship. Around the funnel 6 feet below the top and parallel thereto is an orange band 18 inches high. On each side of the stack, below the orange band centered vertically and in a fore-and-aft direction in a royal blue field 10 feet high is an orange bear insignia, facing forward on either side of the stack, approximately 6 feet high and 10 feet 6 inches long. Below the band in which the insignia appears is another orange band 18 inches high, parallel to the upper orange band.

(2) The second funnel mark is to appear on a funnel of royal blue of a height of 24 feet and a diameter of 11 feet along the centerline of the ship. Around the funnel 6 feet below the top and parallel thereto is an orange band 16 inches high. On each side of the stack below the orange band centered vertically and in a fore-and-aft direction in a royal blue field 7 feet high, is an orange bear insignia, facing forward on either side of the stack, approximately 5 feet high and 8 feet 6 inches long. Below the band in which the insignia appears is another orange band 16 inches high, parallel to the upper orange band.

Colored scale replica drawings of the house flag and of the funnel marks described above are on file with the Division of the Federal Register.

ON THE AIR, INC. (WGBF) AND WMRO,
INC. (WMRO)

MEMORANDUM OPINION AND ORDER

In re applications of On The Air, Inc. (WGBF), Evansville, Indiana, Docket No. 8305, File No. BP-3844; for construction permit; WMRO, Inc. (WMRO), Aurora, Illinois, Docket No. 8637, File No. BML-1276; for modification of license.

The Commission has under consideration a petition filed on February 2, 1948, by WMRO, Inc. (WMRO), asking the Commission to review the Motions Commissioner's action of January 23, 1948, in denying it leave to amend its above-entitled application so as to specify a new transmitter site in lieu of the transmitter site presently employed for its licensed operation on the frequency 1280 kc., with 250 watts power, daytime only; a supplement thereto filed on December 10, 1948; an opposition to the said petition and its supplement and the petitioner's answers thereto.

The petitioner's above-entitled application requests unlimited time operation from its present transmitter site. It was designated for hearing in a consolidated proceeding with the above application of On The Air, Inc. (WGBF), and the licensee of Station WTCN was named a party respondent. At a later date, the licensees of Stations KSFT and WDSU were permitted to intervene in this hearing, which commenced on December 1, 1947, for a brief session and was adjourned to January 7, 1948.¹

During the course of the further hearing on January 7, 1948, the majority stockholder and president of the licensee testified that on or about January 1, 1948, WMRO's tower was seriously damaged by a storm and that the station was operating with a temporary antenna system with the permission of the Commission; that the licensee planned to replace its old tower and had been negotiating for a new site which would provide more satisfactory coverage to the city of Aurora, Illinois; that a new site about three miles from the local airport had been obtained, which was more satisfactory than the existing WMRO site, located only one mile from the airport. This witness further testified that the licensee did not intend to rebuild at the old site and planned to file an application to construct at a new site when the necessary arrangements had been made.

During the engineering portion of this hearing WMRO offered an exhibit based on a transmitter site different than the one specified in its application but the examiner, upon objection, would not al-

low the exhibit. The hearing was again adjourned for three weeks to permit WMRO and WTCN to prepare additional data which had been requested. It was within this second period of adjournment that WMRO filed its petition to amend which the Motions Commissioner denied after hearing argument from the parties. The reasons advanced for the denial were that a grant would require further testimony on the part of the WMRO engineering witness and additional preparation by the other applicant, the party respondent and the intervenors; and, therefore, would not conduce to orderly administration and to the proper dispatch of the Commission's business.

We believe the ruling of the Motions Commissioner should be reversed. A further hearing was to be held in this case, for the purpose of completing the testimony of the WMRO engineering witness. In addition, the intervenors and the party respondent had not yet had the opportunity of making an affirmative showing on the pertinent issues involved. It appears, from a study of the WMRO amendment, that very little further testimony or additional preparation would have been required if this petition to amend had been granted. Actually, the licensees of Stations KSFT and WDSU were concerned only with the operation of Station WGBF as proposed so that the amendment of WMRO involved no burden of preparation on their part.

The relief sought from the Motions Commissioner by the petitioner appears to be similar to that which had been afforded the other applicant in this proceeding. We refer specifically to the fact that on January 5, 1948, WGBF was granted leave to amend its above application to show a revised directional antenna pattern. This amendment was filed and granted approximately one month after the hearing in the above-entitled proceeding had commenced. We feel that this is also an important factor to be considered in determining whether or not WMRO should be afforded the relief requested. Had the idea to specify a different site been a last minute decision designed to give the petitioner an advantage over other parties, we would not be inclined to disturb the ruling in this matter. It is apparent, however, that the amendment tendered did not have such an effect. It is also clear that WMRO had no intention of rebuilding a permanent antenna system for its existing daytime operation at its present transmitter site. It has pending an application (BP-6602) to change the transmitter site of its existing operation to a site approximately 2,000 feet from the one specified in the amendment filed simultaneously with the petition which was denied. The change was made because of the objections CAA had to the latter site. It is, therefore, obvious that the petitioner is no longer interested in it.

After a careful review of all of the facts and circumstances involved, we feel that the petitioner should be granted leave to amend and the hearing record reopened in order that evidence may be received relative to the operation

of WMRO as proposed in its amended application, with full opportunity for cross examination thereon by the other parties.

Accordingly, it is ordered, This 28th day of July that the petition for review filed on February 2, 1948, by WMRO, Inc. (WMRO), is granted; that the action of the Motions Commissioner denying the petition filed January 16, 1948, by WMRO, Inc. requesting leave to amend is reversed; and that the petitioner, within 30 days from the date hereof, file an amendment to its above-entitled application specifying the same transmitter site requested in its pending application (File No. BP-6602).

It is further ordered, That the record in the above-entitled proceeding is opened for further hearing to be held on September 16, 1949, at 10:00 a. m., at Washington, D. C.

Released: August 1, 1949.

WATERTOWN RADIO, INC. AND ROCK RIVER
VALLEY BROADCASTING CO.

ORDER DESIGNATING APPLICATION
FOR HEARING

In re applications of Watertown Radio, Inc., Watertown, Wisconsin, Docket No. 9156, File No. BP-6426; Rock River Valley Broadcasting Company, Watertown, Wisconsin, Docket No. 8887, File No. BP-6538; for construction permits.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 28th day of July 1949;

The Commission having under consideration the above-entitled application of Rock River Valley Broadcasting Company for a construction permit for a new standard broadcast station at Watertown, Wisconsin, to operate on the frequency 1580 kc., with 250 w. power, daytime only; and also having under consideration a petition filed December 10, 1948, by Watertown Radio, Inc. requesting reconsideration and grant without hearing of its above-entitled application to construct a new standard broadcast station to operate on 1580 kc., with 250 w. power, daytime only at Watertown, Wisconsin; and

It appearing, that on October 5, 1948, the Commission designated the aforesaid application of Watertown Radio, Inc., for hearing in a consolidated proceeding with the application of West Allis Broadcasting Company (File No. BP-5800, Docket No. 8509) for a new standard broadcast station to operate on the frequency 1570 kc., 250 w. power, daytime only at West Allis, Wisconsin; and that on July 22, 1949, the said application of West Allis Broadcasting Company was dismissed without prejudice; and

It further appearing, that on July 7, 1949, the Commission granted a petition of Rock River Valley Broadcasting Com-

¹ The record in this proceeding was closed on March 11, 1948.

pany, filed April 21, 1949, to amend its above-entitled application for a construction permit for a new standard broadcast station at Watertown, Wisconsin, to specify the facilities 1580 kc., 250 w. power, daytime only instead of 920 kc., 250 w. power, daytime only, and removed its application from the hearing docket;

It is ordered, That, pursuant to Section 309 (a) of the Communications Act of 1934, as amended, the said application of Rock River Valley Broadcasting Company is designated for hearing to be held in consolidation with the hearing on the said application of Watertown Radio, Inc. at the Commission's offices in Washington, D. C. on August 29, 1949, upon the following issues:

1. To determine the legal, technical, financial, and other qualifications of the applicant corporation, its officers, directors and stockholders to construct and operate the proposed station.

2. To determine the areas and populations which may be expected to gain or lose primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of the proposed station would involve objectionable interference with any existing broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of the proposed station would involve objectionable interference with the other applications in this proceeding or with the services proposed in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

7. To determine on a comparative basis which, if either, of the applications in this consolidated proceeding should be granted.

It is further ordered, That the afore-said order of the Commission dated October 5, 1948, is amended to include the above-entitled application of Rock River Valley Broadcasting Company and issue number 7 as set forth above.

It is further ordered, That the afore-said petition for reconsideration and grant filed by Watertown Radio, Inc., December 10, 1948, is denied.

FEDERAL POWER COMMISSION

[Docket No. E-6152]

FLORIDA POWER CORP.

ORDER ENLARGING RATE INVESTIGATION AND
FIXING DATE OF HEARING

AUGUST 4, 1949.

On November 30, 1948, this Commission instituted an investigation of the rates and charges of Florida Power Corporation (Florida Power) for or in connection with the transmission or sale of electric power and energy to Georgia Power and Light Company (Georgia Light), a wholly owned subsidiary of Florida Power.

Since the entry of the order initiating that investigation, the Commission's staff has conducted a field examination of the operations of Florida Power and Georgia Light, of their plant accounts, and of other matters relevant to the investigation of the rates and charges, and has held numerous conferences with company officials, without reaching an agreement with the companies as to the rates under consideration.

It appears that Georgia Light owns and operates facilities, among others, used for the transmission and sale at wholesale of electric energy in interstate commerce and is a "public utility" within the meaning of that term as used in the Federal Power Act, by reason thereof.

Furthermore, Georgia Light may sell electric energy at wholesale in interstate commerce to Florida Power within the meaning of section 201 (b) of the Federal Power Act. The rates, charges, services, or classification for or in connection with any transmission or sale of electric energy at wholesale in interstate commerce by Florida Power to Georgia Light, or by Georgia Light to Florida Power, or the rules, regulations, practices or contracts affecting such rates, charges or classifications, may be unjust, unreasonable, unduly discriminatory or preferential.

The Commission finds:

It is necessary and proper, in the public interest, and to aid in the enforcement of the provisions of the Federal Power Act, that (1) the investigation instituted by the order of November 30, 1948, be enlarged to join Georgia Power and Light Company as a party, and to include the rates, charges, classifications, practices or contracts for or in connection with any transmission or sale of electric energy at wholesale by Georgia Light to Florida Power, and (2) a hearing be held respecting the matters involved and the issues raised by the investigations instituted by the order of November 30, 1948, and the instant order.

The Commission orders:

(A) The investigation instituted by the Commission's order of November 30, 1948, be and the same is hereby enlarged and Georgia Power and Light Company is joined as a party for the purpose of enabling the Commission:

(1) To determine whether, in connection with any transmission or sale of electric energy subject to the jurisdiction of this Commission under the Federal Power Act, by Florida Power Corporation

to Georgia Power and Light Company or by Georgia Power and Light Company to Florida Power Corporation, any rates, charges, or classifications demanded, observed, charged, or collected, or any rules, regulations, practices, or contracts affecting such rates, charges or classifications, are unjust, unreasonable, unduly discriminatory or preferential; and

(ii) If after hearing the Commission shall find that any of the rates, charges, classifications, rules, regulations, practices or contracts referred to in (i) above, or in the Commission's order of November 30, 1948, in the above entitled proceeding, are subject to regulation under the Federal Power Act and are unjust, unreasonable, unduly discriminatory, or preferential, to determine and fix by appropriate order or orders just and reasonable rates, charges, classifications, rules, regulations, practices, or contracts to be thereafter observed and in force.

(B) A public hearing be held, commencing on October 10, 1949, at 10:00 a. m. (e. d. s. t.), in the Hearing Room of the Federal Power Commission, Hurley-Wright Building, 1800 Pennsylvania Avenue NW, Washington, D. C., respecting the matters involved and the issues presented in this proceeding.

(C) Interested State commissions may participate in this proceeding as provided for in § 1.8 of the Commission's rules of practice and procedure in force January 1, 1948, as amended and supplemented.

Date of issuance: August 5, 1949.

[Docket No. G-1216]

UNITED NATURAL GAS CO.

ORDER FIXING DATE OF HEARING

AUGUST 4, 1949.

On May 31, 1949, United Natural Gas Company (Applicant), a Pennsylvania corporation with its principal place of business at Oil City, Pennsylvania, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the delivery of 7.8 million cubic feet of natural gas daily, if available, to Pennsylvania Gas Company, during the months of December to March, inclusive, in lieu of the presently authorized 5 million cubic feet a day for those months, and to deliver 7.02 million cubic feet of gas daily, if available, in lieu of the presently authorized 4.5 million cubic feet during the months of April to November, inclusive, each year.

The Commission finds: This proceeding is a proper one for disposition under the provisions of § 1.32 (b) of the Commission's rules of practice and procedure, Applicant having requested that its application be heard under the shortened procedure provided by the aforesaid rule for non-contested proceedings, and no request to be heard, protest or petition having been filed subsequent to the giv-

ing of due notice of the filing of the application, including publication in the FEDERAL REGISTER on June 22, 1949 (14 F. R. 3383).

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a hearing be held on August 18, 1949, at 9:30 a. m., e. d. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by such application: *Provided, however*, That the Commission may, after a non-contested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the said rules of practice and procedure.

Date of issuance: August 5, 1949.

[Docket No. G-1223]

SOUTHERN NATURAL GAS CO.

ORDER FIXING DATE OF HEARING

AUGUST 4, 1949.

On June 20, 1949, Southern Natural Gas Company (Applicant), a Delaware corporation with its principal place of business at Birmingham, Alabama, filed an application with the Commission for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of certain natural-gas facilities subject to the jurisdiction of the Commission, as described in the application on file with the Commission and open to public inspection.

Applicant has requested that this application be heard under the shortened procedure provided by § 1.32 (b) of the Commission's rules of practice and procedure for non-contested proceedings, and this proceeding appears to be a proper one for disposition under the aforesaid rule, provided no request to be heard, protest or petition raising an issue of substance is filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on July 1, 1949 (14 F. R. 3645).

The Commission orders:

(A) Pursuant to authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a public hearing be held on August 25, 1949, at 9:30 a. m., e. d. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue

NW., Washington, D. C., concerning the matters involved and the issues presented by such applications: *Provided, however*, That the Commission may, after a non-contested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the said rules of practice and procedure.

Date of issuance: August 5, 1949.

By the Commission.

TENNESSEE GAS TRANSMISSION CO.

ORDER FIXING DATE OF HEARING

AUGUST 4, 1949.

On June 22, 1949, Tennessee Gas Transmission Company (Applicant), a Delaware corporation having its principal place of business in Houston, Texas, filed an application for a certificate of public convenience and necessity, pursuant to section 7 (c) of the Natural Gas Act, as amended, authorizing the construction and operation of facilities, subject to the jurisdiction of the Commission, for the transportation and sale of natural gas, as is more fully described in the application on file with the Commission and open to public inspection.

Applicant has requested that its application be heard under the shortened procedure provided by § 1.32 (b) of the Commission's rules of practice and procedure. No request to be heard or protest has been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on July 2, 1949 (14 F. R. 3692).

The Commission finds: This proceeding is a proper one for disposition under the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a hearing be held on August 19, 1949, at 9:30 a. m., e. d. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by such application: *Provided, however*, That the Commission may, after a non-contested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.
